

# URBAN HAVEN

Bashundhara R/A, Block-M

"Everybody needs a sanctuary."  
Marie Kondo

### **From the Architect's Mind**

Whenever I think of designing a home, I always take into account the location to try and see how these have an effect on the final idea that comes to my mind. The plot faces the north-west, so I wanted to design a building with two voids on the north-west and south-east corners of the structure to allow residents to enjoy the best circulation of air & stream of natural light from the outside coming in.

**Architect Abul Kalam Azad (Kafy)**
